

Secure 2 Fiber  
— Distribution GmbH —  
**AIMSTRONG 1C Outdoor Box**

**Designed and assembled in Germany**

THE REVOLUTIONARY CAMERA  
SURVEILLANCE TECHNOLOGY

Traffic Monitoring

License Plate  
Recognition

Facility Surveillance

and more

The AIMSTRONG 1C Outdoor Box is ideally designed for various kinds of infrastructure management applications. The technology of the AIMSTRONG 1C Outdoor Box is embraced in an ABS halogen-free and UV-resistant chassis, also verified for protection (IP65), shock resistance (IK 08) and flammability (UL 94 HB).

A perfect solution for applications such as traffic monitoring, license plate recognition, facility surveillance or other similar deployments – available at a remarkable price/performance ratio. All Made in Germany.

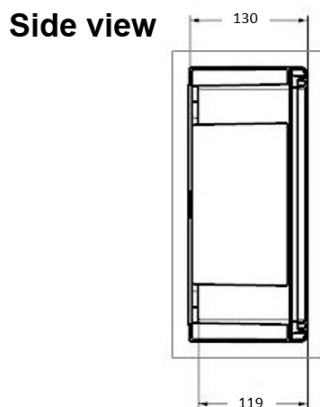

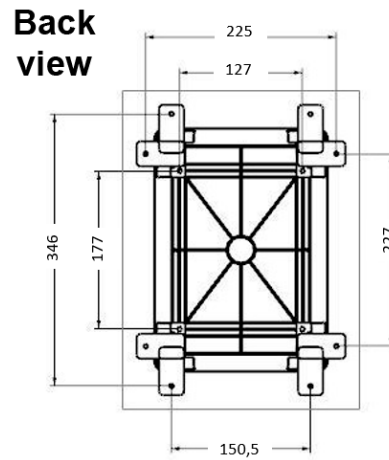

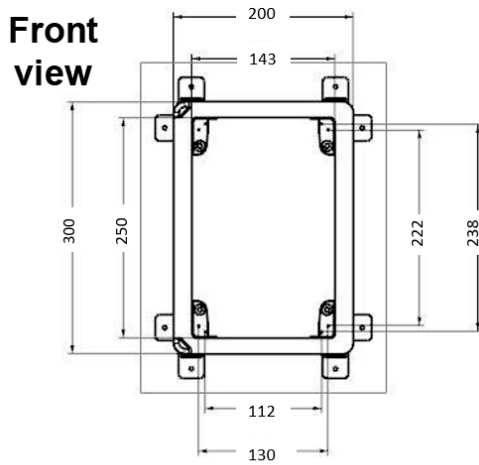

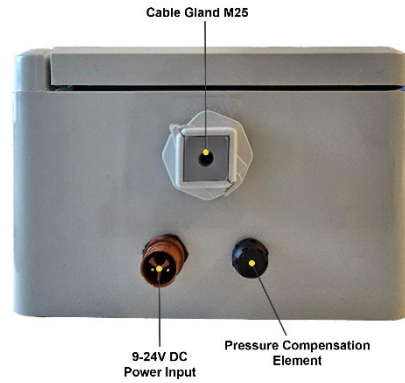

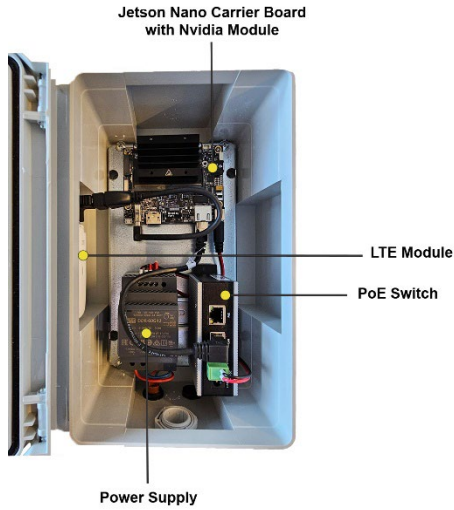

## AIMSTRONG 1C OUTDOOR BOX A GAIN FOR YOUR INFRASTRUCTURE MANAGEMENT!

### Technical specifications

Platform	
Number of IP Cameras	1
Video Format	IP/RSTP (H264)
Carrier Board	Jetson Nano Board with Nvidia Module
Networking	
Interfaces	2 x Port GbE Switch with 1 x PoE+
Connectivity	4G/LTE Modem
Power	
Input Voltage	9-24V DC
Power Consumption without Camera	<15W
Environmental Parameters	
Protection Type	IP65
Operation Temperature	-20°C to +45°C
Shock Resistance	IK 08
Flammability	UL 94 HB
Housing	
Material	ABS halogen-free / UV-resistant
Color	RAL 7035
Dimensions (W x H x D mm)	300 x 200 x 130
Weight	Approx. 2.1 kg
Assembly	Pole mounting / wall mounting brackets

## Diagrams & Dimensions

**Pole mounting (optional)**
